

Dear Parent or Guardian,

Middle School Students are provided with an ID card.
This card has the student's lunch code on it.
Students use this card to charge lunches on their account.

Students are required to take 3 out of 5 meal components offered (one must be ½ cup of a fruit or vegetable), and all meals include milk. This constitutes a reimbursable meal. If a complete meal is not taken, items will be charged out individually, not as a full meal. Desserts menued are not part of the 3 of 5 required components.

At the middle school the cafeteria is set up to provide students with many choices. These choices include ala carte items at an additional cost.

With permission of parent or guardian, students are allowed to purchase ala carte items on their card.

Lunch meals and ala carte items may also be paid for with cash.

If you choose to let your child use their lunch card for ala carte items please sign below.

Students are required to have their ID card when charging a meal or ala carte items.
