Rugby (Girls)

Advisor: Ms. Maniscalco amaniscalco09@gmail.com

Girls Rugby is a club sport that plays against other high school teams in both the fall (August-October) and spring (March-May). Because Rugby – a contact sport that has elements of both American football and soccer – is relatively new to the United States, players will be taught the fundamental techniques, rules, and tactics that they need to be successful in competition. The team practices after school three days a week and plays one game per week during the season. No roster cuts are made, all players participate in every game, and girls of all athletic ability levels in grades 9-12 are encouraged to join.
